- Hindi

PROFILE SUMMARY

Passionate final-year BCA student with a strong foundation in frontend development, eager to expand skills in web development. Proficient in HTML, CSS, JavaScript, and learning React.js. Passionate about creating user-friendly interfaces and exploring new technologies. Seeking opportunities to contribute to innovative projects and gain practical experience in the field.

INTERSHIP EXPERIENCE

MIND STORM Technology – Full Stack Web Development Intern
August 2024 – January 2025 (6 months)

- Engaged in frontend development, focusing on building responsive and dynamic web applications.
- Worked with APIs to fetch and display data, enhancing user experience and functionality.

PROJECTS

1. TO-DO App

Built a React-based to-do app with full CRUD functionality utilizing a fake API for data storage.

2. Color Switcher

Created a React.js color switcher app that changes the background dynamically based on user-entered color names.

3. Sneaker E-Commerce Site

Developed a responsive e-commerce platform for sneakers using HTML, CSS, and JavaScript, with dynamic features like product filtering and a shopping cart.

4. Business Gym Site

Designed a responsive, user-friendly gym website with HTML, CSS, and JavaScript, enhancing user experience.

ACHIEVEMENTS

- Selected for final round at TN-Startup Hackathon:**
Collaborated on developing a smart citizen social app UI for both web and mobile, earning a spot in the final round at KPR College's hackathon.
